

FEELS LIKE HOME: I had the privilege of preaching in eastern Ontario and eastern Canada this month. It just makes sense celebrating Easter and Springtime in the same month. Christ's death and resurrection, a season of new beginning and new life. I love preaching on these essential truths, the groundwork of all that we are as Christians. I traveled along the northshore of New Brunswick holding services in Bathurst, Tabusintac and New Bandon. I felt right at home as this is my father's birth place and I had spent many summers as a child traveling through the region. I had the opportunity to pray with so many people, night after night, and see God minister to their lives. On my last night in Bathurst, the altar was lined but there was one young lady that stood out. Her grandfather brought her to church hoping and praying that she would respond to the nudging of Holy Spirit. Unfortunately her story is all too common in this generation, far too much pain and hurt for so few years. Good News...as the tears rolled down her cheeks, she invited Jesus into her life as Saviour. More tears, a few hugs, shouts and hand-clapping rang out across the altar. I still get excited when one person gives their life to the Lord. I love the finished work of Easter.

SNAPSHOTS FROM MY JOURNAL:

- The Kingdom of God does not have a local address.
- The keys to the Kingdom might not fit in the front doors of your local church.
- Too many have settled for church growth and not Kingdom impact.
- You cannot know His Kingdom without doing His will!
